JONES BROWN

The information contained in this document provides a general overview of the subjects covered and in no way constitutes a legal contract and does not bind any of the described coverage. It is not intended to be taken as advice regarding any individual situation and should not be relied upon as such. In all cases the actual Master Insurance Policy documents on file with Slo-Pitch National will prevail.

Slo-Pitch National has entered into an agreement with Jones Brown Inc. Insurance Brokers and Consultants to offer various insurance packages for Slo-Pitch activities to teams, leagues, tournament conveners and umpires.

Because of the league or tournament operations actions, you are open for possible suit from third parties. You may not be liable but you may need to be defended in court. Protection is available during approved games, practices or team travel as a group. Insured teams or leagues may take advantage of the various benefits included.

The majority of league executives and tournament conveners are volunteers that care about the game and promote the game first. It would be appalling if a good volunteer were sued and was not protected under the various insurance programs available. Slo-Pitch National strongly recommends each league or team becomes a fully insured member and takes advantage of the added protection available.

## WHAT

### 1. Liability and Secondary Accident

For official insured team members (players, coaches, managers, batboys/girls, scorekeepers) as listed and signed, or electronically accepted, on SPN Official Waiver/Roster Form and umpires. Insurance applies only when you are playing with (and on the SPN waiver/roster of) a team that is insured through Slo-Pitch National. It covers you while playing WITH THAT TEAM and is NOT transferable from team to team. Some maximums and limitations apply.

IT IS VITALLY IMPORTANT that the SPN Waiver/Roster Form (properly completed and signed, or electronically accepted, by all team members) is returned to the National Office immediately as the National Office must be able to confirm that the injured party is a member of the insured team. The approval of a liability or accident/dental claim could be jeopardized if the National Office does not have a properly completed and signed, or electronically accepted, Waiver/Roster Form when the claim is submitted.

LIABILITY covers you, as stated in the opening paragraphs, from possible suit from third parties.

SECONDARY ACCIDENT could pay for such items as: crutches, emergency ambulance/taxi, sound natural teeth, physiotherapy, etc. for which coverage is not already available under your own or an existing plan. This policy is secondary to any existing health plan of which you are already a member (personal or through employers) and also secondary to any government offered plan in your region, whether or not you are a member. **There is no fee to make an accident claim or file an incident report.**

**This is NOT a loss-of-wage or income policy.**

ALCOHOL - if a claim is submitted for secondary accident coverage in which alcohol could be regarded as a contributing factor, this may jeopardize an insurance company's approval of such a claim.

ASSAULT - if a lawsuit were to be laid against an insured member as a result of an assault by that insured member then our liability policy would not apply.

DEDUCTIBLE - on our liability policy a deductible of \$1,000 applies to bodily injury and all expenses.
